

A Range of Yachts for Every Taste

Asiatique Yachting has a fleet of yachts to suit all our discerning clients' preferences, whether you want super luxury pampering or prefer adventuring in style.

Cruising in style and comfort

Don't settle for less – cruise in air-conditioned comfort on a private superyacht. Anchor at secluded beaches not otherwise accessible and enjoy the privacy and tranquility.

Paddle board or jet ski directly from the yacht without having to worry about danger from other people. We can even arrange for a diving instructor to provide personal dive instruction and certification all without leaving the comfort of your yacht!! For the really adventurous, we can organise overnight jungle hikes up the 1,000m high peaks for spectacular views.

Come explore the Riau Islands
with **ASIATIQUE YACHTING!!**

Asiatique Yachting is a Singapore company focused on sharing the less known natural beauty of the surrounding islands of the Riau Archipelago. We have flexible itineraries to suit every client's preference.

Avoid the crowds and masses at destinations that involve long queues or long waits. See the world as the rich and famous do on your own private yacht and be pampered with personalised service! Experience the next exotic locale before it is spoilt by thousands of tourists.

Try our Long Weekend Getaway to Lingga!!

Friday

Check-in at noon and come on board. When everyone is comfortable, we set sail and clear Singapore Immigration at Sisters' Islands that is now a designated protected dive trail. We cruise to Nongsa Marina to clear Indonesian Immigration after which we cruise to watch the sun set over the wonderful Singapore city skyline over drinks and a light dinner. Whilst everyone (except our crew) is asleep, we cruise overnight to our first stop at a quiet anchorage.

Saturday

Time for some fun!! We roll out the jet ski, kayaks and paddle boards and get everyone in the water to practice for the next event – a race to the Equator!! Not many mariners have a chance to boast about crossing the Equator and you'll be able to claim you've done it on your own craft!!

Plenty of pictures later, we take you to another point that marks the Equator, this time on land for the less energetic!

Afternoon is reserved for a tour of Lingga where we will take you to see the ruins of the old Riau Sultanate Istana or palace, the Royal tombs, a local museum explaining local history and culture and we end the day at majestic tumbling waterfalls, a great way to cool off. Dinner and drinks back on the boat and a quiet evening to unwind.

Sunday

We move to a secluded beach for a relaxed day of sunbathing, paddling, swimming or whatever else takes your fancy. Dinner at a local village to watch a beautiful sunset over fishing kelongs. As we wave goodbye to the locals, our yacht takes us overnight back to Nongsa to leave Indonesia and check back in to Singapore on Monday morning.
